Proceedings of the Madras Government, Public Works Department, 26th February 1872.

No. 403. Read the following letter from the Officiating Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 5th February 1872, No. 867 :—

1 Letter No. 377, dated 15th January 1872.
1 Decision.
1 Deposition.

I HAVE the honour to forward herewith an original letter from Lieutenant A. W. Smart, R.E., together with copy of a case and decision by the Deputy Magistrate, Mannargudy, in which case Minor Establishment Writer Anandaya Naidoo was a defendant, and copy of the writer's deposition.

2. The writer has been under suspension since 1st December 1871 pending the decision of this case, and the case not being proved against him, he would, as a matter of course, have been reinstated had not certain circumstances taken place which caused me to decline to reinstate him till I should have a full report from Lieutenant Smart on the subject. The latter part of Lieutenant Smart's letter refers to these circumstances. Certain plans and papers were missing in the range after the Overseer's death, and Lieutenant Smart mentioned their loss to me, thinking they might possibly be in my office. A search was made but the papers were not found for more than a month, when the writer, who had denied any knowledge of them, produced them. Missing store receipts were also found in the writer's possession after they had been long searched for and he had denied any knowledge of them. Lieutenant Smart also has strong suspicions that the writer, in company with a certain maistry whom I lately dismissed for submitting false accounts and directed should not be re-employed in this division, has been concerned in writing petitions against the Overseers and threatening them.

3. I should, under these circumstances, have dismissed the writer at once, but a perusal of the writer's deposition, and the copy of the case taken before the Deputy Magistrate, decided me to bring the matter to the notice of Government. It will be seen that the Deputy Magistrate states openly of the writer that he is a notoriously bad character; and in his deposition he attempts to have the case removed to another Court on the ground that the Range Officer had consulted with the Deputy Magistrate and was determined to ruin him. I have little doubt that the man would have appealed on my dismissing him, and to prevent having further trouble with him I have forwarded these papers, and beg to suggest that the man should be dismissed and his re-employment as a Government servant prohibited.
